

# BUILD YOUR OWN LONDON EYE WITH ART STORIES CITIES!

## YOU'LL NEED:

- 1 A4 cardboard
- 1 split pin
- Scissors
- Glue

1. Print the wheel on a A4 cardboard
2. Ask a grown-up to cut the wheel following the dotted line

**BE CAREFUL AROUND SCISSORS!**

*Remember to make the hole for the split pin or the London Eye won't spin!*

3. Glue the two sides of the wheel together.

**WAIT FOR THE GLUE TO DRY.**

4. Glue the base of the wheel pedestal together.

**WAIT FOR THE GLUE TO DRY.**

5. Put the wheel between the two arms of the pedestal and insert the split pin. Open the two arms of the split pin.

**6. SPIN!**
